

EXPANDABLE HOSPITALITY

MAXIMUM FUNCTIONALITY AND UNIQUE DESIGN

We are very proud that eila is the official partner of Expandable throughout Germany. The Expandable Hybrid combines an innovative design with maximum functionality. Easy and fast setup, transport with conventional trucks and is lowered to the ground by four wirelessly controlled hydraulic cylinders - this creates ultimate accessibility at the push of a button. All units can be quickly set up by one person in less than 20 minutes. With this innovative patent, you are guaranteed to have the perfect mobile solution for any occasion.
