

# EXPANDABLE CONTAINER

## TRANSPORTABLE WITH A NORMAL TRUCK

The Expandable Container has a total area of 32 m<sup>2</sup> after its complete assembly. The chassis is equipped with four twist locks so that the container can be easily and safely transported by a normal truck. Upon arrival, the Expandable Container is lowered to the ground by four wirelessly controlled hydraulic cylinders and is ready for use within a short time. You can fully customize and personalize the container inside and outside according to your requirements.
